**Subscription rates are currently as follows: UK members: £15; All other Countries: £20**

PLEASE NOTE: Cheques other than in Pounds Sterling are not acceptable due to the high bank charges but banknotes to the value of the subscription (allowing for charges) are acceptable. Please make all cheques payable to 'The Polar Postal History Society of G.B.' and not to the Membership Secretary.

The aims of the society are to promote the general study of the Postal History of the Polar and Sub-Polar regions and to act as a medium whereby collectors of this material may correspond, exchange and acquire items for their collections and to obtain information about these areas.

Your membership is subject to the approval of the Committee and the receipt of the society's journal *Polar Post* may be taken as confirmation of acceptance. Your name, address, interests and other membership details will be stored on a database and from time to time a membership list is sent to all members. **This database is not sold commercially and is used exclusively for the administration of the Society. If you have any objection to your details being placed on this database or your name or address being published, please advise and manual records will be kept.**

The Society currently holds two London meetings per year and a residential weekend every 2 to 3 years, details of which are published in *Polar Post*. The journal is issued quarterly and back issues are available. The Society also holds postal auctions of polar philatelic material and ephemera once or twice a year. The Society also has an Internet Site available to the general public ( <http://www.pphs.gb.org/> ).

Non payment of subscription after three months of the due date will be deemed as a lapse of membership.

Please fill in your collecting interests overleaf and return this form with the appropriate fee to the Membership Secretary.  
Thank you.
